

Kuwani language

Kuwani is a poorly attested Papuan language of the Bird's Head Peninsula of New Guinea. It is attested only from a single word list, and even its exact location is unknown.^[1]

Comparison

Smits and Voorhoeve (1998) assumed it to be equivalent to Kalabra, but there are significant lexical differences.^[2] Some lexical differences between Kuwani and Kalabra are given below.^[3]

gloss	Kuwani	Kalabra
‘ear’	indibit	difitlas
‘eye’	inzibun	sifogo
‘hand’	owani	defo
‘1sg’	tetike	tet
